

# Endless Rhythm

Baio

I stared at endless rhythm for an hour or two  
Something in it spoke to me, did it speak to you?  
Does it speak to you?

I came to in a city still indifferent to me  
The big sky can humble, it's too high to see  
It's too high to see

When they cut you down to size  
You were glad they left you alive  
When they cut you down to size  
You were glad they left you alive

I've never heard a lyric that I really liked  
Every lyric I've written is a lyric I despise  
Oh, I despise

When they cut you down to size  
You were glad they left you alive  
When they cut you down to size

You were glad they left you alive

I can wait I can wait for you  
Like it's what I want to do  
I can wait I can wait for you  
Like it's what I want to do

When they cut you down to size  
When they cut you down to size  
When they cut you down to size  
You were glad they left you alive  
When they cut you down to size

I can wait I can wait for you  
I can wait I can wait I can wait  
I can wait I can wait for you
