

Took A Trip

Baka Not Nice

Crack the safe
Yeah, my niggas are on the way
If there ain't no money
Get a buck fifty in his face (Ya, Ya, Ya)
If he hesi put this desi in his face
If I rob you then I did it bare face
I'm on the grind watch me take up everything
Got some rocks from my jukes I ice my chain
Bullet holes slap a nigga looks like churros
Truck full of sticks and you know I ain't gon' play

Just took a trip, Turks & Caicos
I'm kicking up my foot, just took a trip
My security keep the sticks, I took a trip
I am switching fits cuz I know these niggas bait
These niggas ain't seen me they better call Ray

Tell this girl I haven't seen her I don't know where she come from
Why she plays all these games when she knows she wants to cum

I'm rocking Louis tracksuits bitch that's 5K
I'm in the back of the Maybach, that's FengShui
Don't need no machine when I'm on my vacay, ok, ok

Just took a trip
Just took a trip, Turks & Caicos
I'm kicking up my foot, just took a trip
My security keep the sticks, I took a trip
I am switching fits cuz I know these niggas bait
These niggas ain't me they better call Ray
