

I spent a hunnid K and I'm up
You spend a hunnid K and you broke
I go to dealership, I call it up
I took it from the showroom, rolled it up
Why you-why you flossin' and you can't keep up?
Why you rock the chains if you gon' keep them tucked?
They see your chains now, you gon' get stuck

Yeah, they see me drip in Balmain socks
They see me drippin' and they want my sauce
I go to studio and I drop them bars
Up in the studio, yeah, I'm up in Mars baby
Yeah, they see me drippin' in the R
They say I'm flashin' now 'cause I'm a star
They say I'm Nazi, I smoke some gas
Na-na-na-na let me tell you
Oh, yeah, yeah

I spent a hunnid K and I'm up
You spend a hunnid K and you broke
I go to dealership, I call it up
I took it from the showroom, rolled it up
Why you-why you flossin' and you can't keep up?
Why you rock the chains if you gon' keep them tucked?
They see your chains now, you gon' get stuck

My ice so flashy, why you steady hatin'?
You don't wanna see me going crazy
Yeah, they goin' crazy 'cause I'm paid, baby
Pop the pills, you can see me, wait
Swag up, swag up

Na-na-na-na, let me tell you
All these niggas actin' lame
Push a foreign that we never had

I spent a hunnid K and I'm up
You spend a hunnid K and you broke
I go to dealership, I call it up
I took it from the showroom, rolled it up
Why you-why you flossin' and you can't keep up?
Why you rock the chains if you gon' keep them tucked?
They see your chains now, you gon' get stuck
