

Invisible

Bakar

Yeah, yeah

Came in, in arm in arm with you
Now I can't find your fingers
I'm on the other side of the room
It's like I'm stuck to the ceilin'
I didn't know you were mine to lose
Now I can't stop the feelin'

Now I don't wanna be here
Might just swing from a chandelier
Might decide if you're blind, girl, I know I'm invisible
Yeah, I know I'm invisible
Oh, I know I'm invisible, girl, I know I'm invisible
Yeah, I know I'm invisible
Oh, I know I'm invisible, yeah, I know I'm invisible
Yeah, I know I'm invisible

Arm in arm with you
Never played the game, I wanna charge it to
Had to leave the rave, you tore my heart in two
Cured all the love for them, 'cause you're a [?] too
That's why it's hard to lose
Ain't never walked in my shoes
Post that shit again, you did it all for views
Strip club make it better, made it rain for you
Good things come in ones, I hate your attitude
But it's you

Now I don't wanna be here
Might just swing from a chandelier
Might decide if you're blind, girl, I know I'm invisible
Yeah, I know I'm invisible
Oh, I know I'm invisible, girl, I know I'm invisible
Yeah, I know I'm invisible
Oh, I know I'm invisible, girl, I know I'm invisible
Yeah, I know I'm invisible
Oh, I know I'm invisible, girl, I know I'm invisible
Yeah, I know I'm invisible
Oh, I know I'm invisible, girl, I know I'm invisible
Yeah, I know I'm invisible, oh

Oh, I know I'm invisible, girl, I know I'm invisible
Yeah, I know I'm invisible
Oh, I know I'm invisible, girl, I know I'm invisible
Yeah, I know I'm invisible, oh-oh
