

Lonyo!

Bakar

I want you to know
That my heart and soul's for you
And you should know
I'll do anything you want me to, oh

Move your body 'round me
Come on and get on down
It's the summer of love
Move your body 'round me
Get up and spread the sound
It's the summer of love, oh

Sending out an SOS
It's the summer of love
Sexy girl, it's timed to get dressed
'Cause it's the summer of love
Sending out an SOS
It's the summer of love
Baby girl, it's time to impress (Yeah)

All the North West girls
Should bring their cellphones with them too
I know the East ones as well
They just wanna feel some summer love

Move your body 'round me
Come on and get on down
It's the summer of love
Move your body 'round me
Get up and spread the sound
It's the summer of love

Sending out an SOS
It's the summer of love
Sexy girl, it's timed to get dressed
'Cause it's the summer of love
Sending out an SOS
It's the summer of love
Baby girl, it's time to impress (Yeah, uh-huh)

Tell me why you dyin' to be old school?
And tellin' on yourself
Girl, I know you need some help, yeah
Tell me that them boys don't really know you
Without tellin' me yourself
Girl, I know you need some help, yeah
Yeah, just like that
It's the summer of love, summer of love, summer of love, yeah
You and your friends, me and my friends
Okay, got no plans but the summer of love
Get down, summer of love
Summer of love, summer of love
