

I would, I would, I would  
If you let me I could show you  
I could, I would show you  
What it feels to be with me  
I would, I would, I would  
If you let me I could show you  
I would, cause I could be the man of your dreams  
Oh sweet dreams, I miss our team I miss our love  
Cause I would show you what it feels like  
What it, what it, like what if, like what if  
And I could show you, show you, show you, I could show you  
But girl you're unusual, yeah  
I think you're beautiful, yeah  
When I fall in love, who do I call  
Girl you're unusual, I think you're beautiful  
I think you're beautiful

Fall in love...
