

Meditjin

Baker Boy

Music is the meditjin

These beats got us outta control
Dance around like you never get old
Breaking and popping and my boys pop locking
Got us feeling like we outta this world
Giritji marrtji dhiyanun bala
Yaka gori nali go
Gumurr'yuna dhumurr'yuna
Dupanmirr yolthu malthun li beat-gu
Djamarrkuḷi' mirithirr li prize-gu

Go hard, never lay back, lay back
Too real, can't fake, that fake that
Smile for the 'Gram like take that, take that
Shout out to the OG's like way back, way back

You got stage fright? No problem
You got neck brace? No problem
You got two left feet? Can't catch that beat?
Take a deep breath 'cause I got this, yo

Oh, woah, oh, oh, oh
I got the meditjin
Oh, woah, oh, oh, oh
Music is the meditjin
Oh, woah, oh, oh, oh
I got the meditjin
Oh, woah, oh, oh, oh
Music is the meditjin

Baker Boy got fire in the booth
Never spit lies, only spit the truth
Got moves, got steps to make you shake
Stomp the ground so hard I make an earth quake
I'm not Kendrick, but I'm humble
I'm bilingual, I don't mumble
People listen but they don't understand
I'm just a brother reppin' Arnhem Land

Go hard, never lay back, lay back
Too real, can't fake, that fake that
Smile for the 'Gram like take that, take that
Shout out to the OG's like way back, way back

You got stage fright? No problem
You got neck brace? No problem
You got two left feet? Can't catch that beat?
Take a deep breath 'cause I got this, yo

Oh, woah, oh, oh, oh
I got the meditjin
Oh, woah, oh, oh, oh
Music is the meditjin
Oh, woah, oh, oh, oh
I got the meditjin'
Oh, woah, oh, oh, oh

Music is the meditjin

Yeah, yeah, baby, free your mind
If you driven for the vision, then I'm down to ride
Where the beat drop, then me you'll find
And we still in the city but the crowd gone wild, uh
Yeah, keep it banging through the system
Light it up, start it up like an engine
Bars on live, but the music freedom
And the booty drum go pum-dum-pum-pum-pum
Hey, okay, here I come
I give you some, some, some of this, make you jump
I do it just to do it and I do it till it's done
Connect with the sound, people over income
That's team, that's squad, get the picture
That's us, that's mob, if you with us
Jess B, yeah, the queen is in the building
You better come correct if you knocking at the kingdom
Yeah, okay, if you with us
Yeah, okay, if you with us
Jess B, yeah, the queen is in the building
You better come correct if you knocking at the kingdom

Oh, woah, oh, oh, oh
I got the meditjin
Oh, woah, oh, oh, oh
Music is the meditjin
Oh, woah, oh, oh, oh
I got the meditjin
Oh, woah, oh, oh, oh
Music is the meditjin
Oh, woah, oh, oh, oh
I got the meditjin
Oh, woah, oh, oh, oh
Music is the meditjin
