

MENACE

Baker Boy

B.O.U.N.C.E

You don't wanna mess with the bouncers like
M.E.N to the A.C.E
You don't wanna mess with a menace like (oh yeah)

Like that once again
Not a boy
But the man
Clap your hands
I got fans
Hear them chants
As they dance
With they friends
All the honeys and the rest
Pass the mic back to me
I think it's best you take a seat
Now listen
I'm the Super Nova Phantom Menace
(God damn)
My saber swinging like I'm playing tennis
(God damn)
The mirror grinning at my own reflection
(God damn)
The Prince of Arnhem Lane is resurrected

Bounce to da track
Clap back to attack
Pitch black in the zodiac
They be goin' maniac
Bounce to da track
Clap back to attack
Pitch black in the zodiac
They be goin' maniac

Bounce (baby baby)
Just bounce
Imma keep it a hunnid
I ain't even burning out
I'm never shooting low (baby baby)
Don't count
I'm just the menace in this story
No doubt
I'm all about the bounce (baby baby)
Just bounce
Baby, we can party till the bottle runs out
And if you didn't know (baby baby)
Ya know now
I'm just the menace in this story
No doubt
