

Everybody in the place to be
Clap your hands to the beat
Bala babu'yurrnha gi
Dhuwal disco-nurnha nupanmirrnha
Marrrtji crew nhuju mǎrraŋ
Bala freestyle-nha (yeah)
Yakan warguyurr win or lose-guny
Napurr ga dhuwal having fun-nha
Baythi practice everyday
Marr ga nhe dhu teaching murrŋiny dance moves
With a track that makes you wanna groove
And let loose
Don't give me your stupid excuse
Free your body and your mind will follow
And party like we got no tomorrow

If you came here to kick it
Never let your body resist it
Give it all to the music
Give yourself to the music yeah

It makes you wanna dance
Make you wanna dance
I ain't ever gonna put this down
I just gotta turn the music round
It makes you wanna dance
Make you wanna dance
I just wanna see you break it down
Forever gonna turn the music round
Forever going to turn the music

Now I got a clear shot at it (yeah)
Imma make a murrŋiny dance at it (ay)
Wanna see the DJ scratchin' da beat (alright)
For the mad dance floor addicts (like me)
All the yapas and brothers lookin fresh
Routines are lookin' nice
Everybody's got their styles precise
And just slide and just slide
And it's all going down tonight

If you come here to kick it
Never let your body resist it
Give it all to the music
Give yourself to the music yeah

It makes you wanna dance
Make you wanna dance
I ain't ever gonna to put this down
I just gotta turn the music round
It makes you wanna dance
Make you wanna dance
I just wanna see you break it down
Forever gonna turn the music round
Turn the music round
Forever gonna turn the music

Turn the music round
Come on

It makes you wanna dance
Make you wanna dance (let's do it)
I ain't ever gonna to put this down
I just gotta turn the music round
It makes you wanna dance
Make you wanna dance (make you wanna dance)
I just wanna see you break it down
Forever gonna turn the music round
Forever gonna turn the music
Turn the music
Forever gonna turn the music
Turn the music
