

Bad Dreams

Bakermat

I've been having some bad bad dreams
So I pull up covers and I hide from sleep
I've been living in a dark dark scene
I'm seeing shadows where the light should be

I feel like I'm going
Crazy but I think I know better
Losing sleep over fantasy
Must be acting crazy but I think I know better
Then to let them take ahold of me

I don't wanna say goodnight
I don't wanna lose my mind so
Please nobody hit the lights
Drowning in the panic I go
Ooh
I've been having some bad bad dreams
Ooh
I've been having some bad bad dreams

All the monsters they chase me down
Cut me open and bleed me out
And I wake up in cold cold sweat
Can't get the image to leave my head

And I feel like I'm going
Crazy but I think I know better
Losing sleep over fantasy
Must be acting crazy but I think I know better
Then to let them take ahold of me

I don't wanna say goodnight
I don't wanna lose my mind so
Please nobody hit the lights
Drowning in the panic I go
Ooh
I've been having some bad bad dreams
Ooh
I've been having some bad bad dreams

Must be acting crazy but I think I know better
Then to let them take ahold of me
