

## Ballade

Bakermat

I'm here in the desert, all alone  
I've become afraid  
I want to escape from this unreal stay  
I wanna go far away from here  
I'm all alone  
See the land where no money, no life  
Friends here are going

I can't see shame, everything is dark  
I feel like, I feel like I'm blind  
I'm here in the ocean, can't stop swimming  
I don't know, I don't know where I'm living  
I'm getting lost, desolated, allocated  
I ain't think you know  
Someone let me out of dismay

Set me from the land of peace  
Set me from the plane  
Oh, save me  
Friends become old strangers  
I can't see shame, everything is dark  
I feel like, I feel like I'm blind
