

Do Your Thing

Bakermat

How you doing out there
I just wanna do my thing
I see you walking somewhere
Waving it around like you just don't care

I see you walking somewhere
Waving it around like you just don't care
I just wanna do my thing
My thing

Make somebody wanna shout...

Now you let your body move
Come on baby feel the groove
Make somebody wanna shout
Come on [?] hang out

Do the monkey and the goose
Come on, let it all hang loose
Come on baby, let it swing
You just a-got to do your thing...
