You've got digging
I've got the flower, you've got your pride
I've got my shame, you've got your nerve
Weapon in his mind, baby
Darling, I'm running

I'm not the flame and you are defrost
Let me explode, let me burst
Let me shout, shout, shout, shout, shout, shout, shout
Shout

I'm not the flame and you are defrost
Let me explode, let me burst
Let me shout, shout, shout, shout, shout, shout, shout
Shout
I'll decide
I'll decide
