

## High Above

Bakermat

Dirty river  
Cleanse my soul  
Still water in the holy bowl

Hey hallelujah  
Kingdom come  
Begotten son will rise from night 'til dawn

The way of fools don't seem so right to me  
And the gentle answer turns so righteously  
I post high above the water, gonna drown my skin  
I post high above the water, gonna jump right in

Words of the reckless cut like knives  
But the wise they listen to advice  
Hey hallelujah let us pray  
No more illusion oh, happy day

The way of fools don't seem so right to me  
And the gentle answer turns so righteously  
I post high above the water, gonna drown my skin  
I post high above the water, gonna jump right in

Right in  
Drown my skin yeah  
Gonna get  
Gonna get right in  
Gonna get  
Gonna get right in

I post high above the water, gonna drown my skin  
I post high above the water, gonna jump right in  
I post high above the water, gonna drown my skin  
I post high above the water, gonna jump right in
