

# Resist

Bakermat

When they say you are inferior, do not believe a word they say  
Resist

When they say they need billions of dollars to build bombs instead of build schools, open your eyes  
Resist

Speak truth the power, do not comply  
Do not believe, do not accept, do not be afraid, do not surrender  
Do not judge, do not bear false witness against thy neighbor  
Resist

When they say they want to preserve our way of life so they must take life, this is a lie  
Resist

When they stop you and drag you in and you ask why and they say you fit the profile, run for your life  
Resist

Do not bear false witness against thy neighbor

Speak truth the power, do not comply  
Do not believe, do not accept, do not be afraid  
Do not surrender, do not judge  
Do not bear false witness against thy neighbor

When they knock down your door and say that they are taking your land in the name of eminent domain, this is not fair  
Resist

When they pin-up people against the people of the nation against the nation in the name of world domination  
Resist

Speak truth the power, do not comply  
Do not believe, do not accept, do not be afraid  
Do not surrender, do not judge  
Do not bear false witness against thy neighbor
