Trouble

Bakermat

Trouble, trouble, come follow me
When I'm down on my luck and I'm on my knees
'Cause all it takes is a song to set me free
Oh, trouble come follow me
Oh, trouble come follow me

Trouble, trouble around my door
With storms a-ragin' I'll be standing strong
It won't be takin' me down 'cause I'm gon' be around
So trouble, knock twice on my door

Trouble, trouble, don't pass me by
I'll take the role as trouble 'cause I'll take my time
'Cause I'm takin' it strong, won't be hypnotized
I let my troubles just pass me by

I let my troubles just pass me by
(More trouble, need more trouble)
(More trouble, need more trouble)
(More trouble, need more trouble)
I let my troubles just pass me by

Trouble, trouble around my door
With storms a-ragin' I'll be standing strong
It won't be takin' me down 'cause I'm gon' be around
So trouble, knock twice on my door

Trouble, trouble, don't pass me by
I'll take the role as trouble 'cause I'll take my time
'Cause I'm takin' it strong, won't be hypnotized
I let my troubles just pass me by

I let my troubles just pass me by
(More trouble, need more trouble) Baby, no trouble
(More trouble, need more trouble)
(More trouble, need)
Trouble knock on my door

When I'm down on my knees and I can't keep you with me
And I need you, oh

(More trouble, need more trouble)
(More trouble, need more trouble)
(More trouble, need more trouble)
(More trouble, need more trouble)

(More trouble, need more trouble)
(More trouble, need more trouble)
(More trouble, need more trouble)
