

Is It So Much To Adore?

Balance and Composure

I flow through your veins and I drain you
I am your dream surrendering
Came into my world, in my wake, in my shadow
Saw all of me, saw everything that I'm made of

Turn it off, counting lines where do we meet?
Inside a moment, inside it's over elevated, so serene
But if we love is it so much to adore?
The sun is here now, will it shine on you and I forevermore?

I stole all the words that escape you
Under my tongue, under my shelter
Fell into these ways, all these ways, we don't have to
See all of me, see everything that I'm made of

Turn it off, counting lines where do we meet?
Inside a moment, inside it's over elevated, so serene
But if we love is it so much to adore?
The sun is here now, will it shine on you and I forevermore?

I'll flow through you
Safe place, warm blood
Blue skies when you come home
Say it when you know so

Turn it off, counting lines where do we meet?
Inside a moment, inside it's over elevated, so serene
But if we love is it so much to adore?
The sun is here now, will it shine on you and I forevermore?
