

Few Things

Bali Baby

Muah!

Baby I've been waiting on you, for a while now
Waiting for a while now
Standing by the window of this hotel room, staring at the sky now
Staring at the stars
And why we always gotta keep, keep it on the down low
You got me feeling so lost, sitting out here solo, keep checking my phone
Yes, I keep checking my phone
How you got me asking all these questions right now?
I never used to be the type to question, oh no
Fucking with my head, you think you know me so well
But I bet you'll be surprised...

There's a few things I know, for sure
Ah, wanting and loving you is way too hard
I used to want, to give you everything
But you took it all, I question everything
For you, there's a few things I know

I've been sitting in this hotel room for a while now, for a while now
I can say that I'm surprised now, but I think it's time to go, yeah I gotta go
As I'm pulling out the back, I see you from the car now, I see you looking
You look so surprised, I think you know, this is goodbye
I let you take it all the way, I let you change me, let you change me
That was my mistake, that was my mistake!
Came into my world and part you left me and these sorry eyes (you tore me apart)
[?] somewhat familiar (you left me alone)
There's a few things I know!
That you cannot take away, putting on my headphones!
There are things about me that you don't understand (you won't never understand)

There's a few things I know, for sure
Ah, wanting and loving you is way too hard
I used to want, to give you everything
But you took it all, I question everything
For you, there's a few things I know

There's a few things I know, that I will not die without your love
I'll miss you a lot, yeah I'll miss you a lot
But I'll be fine, I'll be okay, there's a few things I know
I'll be alright, I'll be okay, but I will not die without your love
I'll miss you a lot, I'll miss you a lot
But I'll be fine, I'll be okay, there's a few things I know
There's a few things I know
That I will not die without your love
I'll miss you a lot, but I'll be fine
I'll be okay, there's a few things I know
I'll be alright, I'll be okay
That I will not die without your love, die without your love
I'll miss you a lot, I'll miss you a lot
But I'll be fine
