Giving You Me

Ball in the House

Stormy weather is a thing of the past Now that were together I know its gonna last I'll take you higher than you've ever been before Come in lay down, yeah, and Ill lock the door Now that I've got you babe I'm never letting go Takin' you back, keepin' it on the down low I can feel it, I'm goin under My heart is achin' rollin' like thunder

All I want to do is All I want to do Giving you me is all I want to do All I want to do is All I want to do Giving you me is all I want to do

Look in deep to the depth of my soul Will this feeling ever end? Baby, I don't know don't try to run girl, don't try to hide Just jump on board and enjoy the ride I close my eyes and I see your silhouette Lost in that world I don't want to come back yet In here you're safe Baby, don't want to see you go don't rush relax, lets go nice and slow.

All I want to do is All I want to do Giving you me is all I want to do All I want to do is All I want to do Giving you me is all I want to do

Now you tell me that you're lookin' for true love I used to want the same thing since then I wised up Been used to many times been taken for granted Finding true love I've become disenchanted Stormy weather is what I'm living now I try to stop myself but Lord, I don't know how

All I want to do is All I want to do Giving you me is all I want to do All I want to do is All I want to do Giving you me is all I want to do All I want to do is All I want to do Giving you me is all I want to do All I want to do is All I want to do is
