

Whipping Boy

Ball Park Music

A home goal can wreck the day I see you shot dead
The West will sell the piggies down in Salem
And I'll become your whipping boy

We're shaking hands with everyone around here
If I become a target, will you miss me?
Will you miss me? Will you miss me?
Will you miss me?

Nine strikes identify me as the patient
May I stay within the castle walls tonight?
And I'll become your whipping boy

We're shaking hands with everyone around here
If I become a target, will you miss me?
Will you miss me? Will you miss me?
Will you miss me?

We're shaking hands with everyone around here
If I become a target, will you miss me?
Will you miss me? Will you miss me?
Will you miss me?

Have I become your whipping boy?
