

## Heat

Balligomingo

Don't move  
Scare me on  
Take too much  
But don't take too long

Now you're moving in  
Like acid on my skin  
I like being burned  
Your heat is what I yearn

Your salt  
Corrodes my vault  
Get too close  
The spill won't kill the host

Now you're moving in  
Like acid on my skin  
I like being burned  
Your heat is what I yearn

Now you're moving in  
Like acid on my skin  
I like being burned  
Your heat is what I yearn
