

# Letting Go

Balligomingo

The sun will shine again  
I'm letting go and I sing

Help me find the reason  
Make me see the light  
Wrap me up and drive me home  
Make it be all right

Find me something good  
Find me something good, before I run away.

Let be your reason  
Help me say goodbye  
Wrap me up and drive me home this is our last night

Find me something good  
Find me something good, before I run away.

The sun will shine again  
I'm letting go and I sing

The sun will shine again  
So now I know and I sing to you.

Let be your reason  
Help me say goodbye  
Wrap me up and drive me home this is our last night

Find me something good  
Find me something good, before I run away.

The sun will shine again  
I'm letting go and I sing

The sun will shine again  
So now I know and I sing to you.
