

# Fighter

Ballyhoo!

[Verse 1]

They used to say that this would never work, no  
That I had to learn a trade to fall back on  
Because the world was hard and I'm too far gone  
They said I needed to get some knowledge  
Spent a year at community college  
But I should've left my wallet  
In the back of my JNCO pocket  
I wasted all my dollars on a pledge to get a white collar  
When I should've been breaking my back  
To buy a brand new four track

[Chorus]

They say that this is how it goes  
Yeah this is how it goes  
(I've got to lift you up)  
You are in control  
And trust nobody knows  
That you are a fighter, fighter

You can make a change  
And things will rearrange  
(I've got to lift you up)  
You don't gotta live like your neighbors do  
'Cause you are a fighter, fighter

[Verse 2]

You don't believe that this would ever work, no  
'Cause all the plans they have made for you  
Don't care for what your heart needs  
So you interview, interview, interview  
Then you go home and wait  
While they decide if you're worthy  
For a job that you hate  
Don't settle for cookie cutter existence  
Find the things that you've been missing

Grind it out, realize your vision  
Love your life, don't miss it

[Chorus]

They say that this is how it goes  
Yeah this is how it goes  
(I've got to lift you up)  
You are in control  
And trust nobody knows  
That you are a fighter, fighter

You can make a change  
And things will rearrange  
(I've got to lift you up)  
You don't gotta live like your neighbors do  
'Cause you are a fighter, fighter

[Verse 3]

The system is designed  
To deter you from the climb

Make you work until you die  
Low expectation state of mind  
But don't let them break your spirit  
Sing it louder 'til they hear it  
If you want it, you can have it  
Take it back whenever they try to say that

[Chorus]

They say that this is how it goes  
Yeah this is how it goes  
(I've got to lift you up)  
You are in control  
And trust nobody knows  
That you are a fighter, fighter

You can make a change  
And things will rearrange  
(I've got to lift you up)  
You don't gotta live like your neighbors do  
Cause you are a fighter, fighter

[Outro]

They used to say that this would never work...
