

Middle Finger

Ballyhoo!

I'm tired of the liars that need to get fired
You know I had it up to here and now I feel uninspired
I know that this is how it goes when you're chasing a dream
And now its affecting my self esteem
Call it jumpin' to conclusion
Call it granted illusion
But I think that we should be on top
And now and not just excluded
Cause I feel that we have proven
That we can take a good beating
Maybe we've taken enough for the team

So if you feel you had enough
Thinkin' the universe can take too much
And when you feel like givin' up
Don't listen to anyone just turn it up
And when the love just ain't enough
Takin' another punch is much too rough
So if you just don't give a f*ck
Position your middle finger turn it up

I'm hearing a lot of opinions about who I'm supposed to be (supposed to be y
eah)
You keep on pushing but you got no solution
So now you f*cked it just-agoes to me (goes to me)
Insane as a mental assault
Repeated over and over expected different result

Now you can take a hike and I'll be alright
I know that sounds so good to me (good to me)

So if you feel you had enough
Thinkin' the universe can take too much
And when you feel like givin' up
Don't listen to anyone just turn it up
And when the love just ain't enough
Takin' another punch is much too rough
So if you just don't give a f*ck
Position your middle finger turn it up

So we sync/stinkYou can make a change step out of line and
Don't let it get away
Middle fingers in the air
Cause we just don't care oh!

So if you feel you had enough
Thinkin' the universe can take too much
And when you feel like givin' up
Don't listen to anyone just turn it up
And when the love just ain't enough
Takin' another punch is much too rough
So if you just don't give a f*ck
Position your middle finger turn it up
