

# Trust Yourself

Balming Tiger

Don't get caught up in your freakin' mind  
See outside, in the moment we all passin' time  
Baby cry, it's okay to not be alright  
Listen to me, listen to me, you are gonna be alright

When you feel like the world is collidin'  
Walls up, pretendin' to love the party  
Dyin' inside, all the emotions are hidin'  
How to live? it's confusin', I know it

Trust yourself, ayy, ayy, ayy  
Trust yourself, ayy, ayy, ayy  
One step a day, even just by inches  
One step a day, closer to your meanings  
Trust yourself, ayy, ayy, ayy  
Trust yourself, ayy, ayy, ayy  
One step a day, even just by inches  
One step a day, closer to your meanings

It's okay to feel ashamed  
By the actions you regret  
Trust me, I do this every motherfucking day  
Just remember to watch it go away  
Just remember to watch it go away  
I stopped judgin', and I never felt so free  
Bigyoleul meomchwo geuge jinjja jinliji (Oh-oh)  
Double-sided sword, I'll catch the sonjabi (Oh-oh)  
Jeonglyeolhae sumeul meomchul ttaekkaji

Don't get caught up in your freakin' mind  
See outside, in the moment we all passin' time  
Baby cry, it's okay to not be alright  
Listen to me, listen to me, you are gonna be alright

Why do you always say to me?  
I can't do anymore  
Jinbjangbyeogi issdamyeon  
Bruh, just kick in the door  
Yeogil tteo, I can't trust anyone, forgive me, Lord  
So I pack it up, paegilo  
Hold on a minute  
You shouldn't be talkin' that  
Trust yourself  
I wanna say it  
Cheers for myself

Trust yourself, trust yourself  
Nothing else but a moment  
Now you let it reveal  
You gotta let it go, let it go!
