

I Want You

Balthazar

Me and my baby are doing fine
Me and my baby a real good time that motherfucker should leave,
that motherfucker should leave
He doesn't get any action this time

Everyone here thinks that they will make it
Everyone here thinks they'll see you naked
Can't they see I am the one for you
Why don't we baby, come on

Me and my baby, we have a party
And when she whispers she calls me Marty
And I like that
But she doesn't pick up her phone
Why don't you pick up your phone?
Oh, c'mon now
Me and my baby supposed to party
How about that?

Everyone here thinks that they will make it
Everyone here thinks they'll see you naked
Can't they see I am the one for you
Why don't we baby, come on

I want you, oh I want you bad
I want you, oh I want you bad
I want you, oh I want you bad
I want you, oh I want you bad
