

# Wrong Vibration

Balthazar

You wanna turn it into something good  
But cutting out the heart is what you do

Yeah, don't let your morality affect  
Your imagination, girl  
'Cause this ain't the time or place for it  
My love

Girl why don't you give yourself a break  
And find out what's your favorite mistake?

Yeah, don't let your integrity affect  
Your imagination, girl  
'Cause this ain't the time or place for it  
My dear

I get the wrong vibration  
I get the wrong vibration

And one day you'll make somethin' out of me  
According to the law of infinite probability  
Huh, woo!

Don't let your morality affect  
Your imagination, girl  
'Cause this ain't the time or place for it  
My love

I get the wrong vibration  
I get the wrong vibration  
But I get the wrong vibration  
Can't you feel it  
Oh it's tirin' girl  
I get the wrong vibration
