Global Love

Baltimora

Don’t disappear, the need for you is here.
Don’t run away to where you’ve never been.
Sit down and rest, I know you’ve tried your best.
Why don’t you take my offer as a friend?

Oh, lately, you’re brazen as a fire, oh lady, listen to me.

Don’t close the gate, the past mishaps still wait,
You can’t go home to something if it’s gone.
All that you’ve said, it’s still inside my head.
You tried to do what’s right, but wrong is wrong.

Oh, lately, you’re as brazen as a fire
Lady, you’re a rhythm in the dragon’s sea.

Ohhhhh,
I ain’t wastin’ no time, don’t forget that I’m still tryin’ to be what I sho
uld be.
You know the neighborhood inside me.
You live as you do, it’s alright to live as you choose,
While listening to your past, my mind is running towards a global love….

I see it in your face, your look so far away
I didn’t comprehend the voice I heard.
Maybe some day, your trials will be repaid,
I realize so much has been deserved.

Oh, lately, you’re as brazen as a fire,
Lady, you’re a rhythm in the dragon’s sea.

Oh, oh, ohhh
I ain’t wastin’ no time
Don’t forget that I’m still tryin’ to be what I should be.
You know the neighborhood inside me.
You live as you do, it’s alright to live as you choose,
While listening to your past
My mind is running towards a global love…

Hey, just take your time, this wish grows old,
Whooaaaaaa.
Hey, you just keep tryin’

I ain’t wastin’ no time
Don’t forget that I’m still tryin’ to be what I should be.
You know the neighborhood inside me.
You live as you do, it’s alright to live as you choose,
While listening to your past
My mind is running towards a global love…

I ain’t wastin’ no time
Don’t forget that I’m still tryin’ to be what I should be.
You know the neighborhood inside me.
You live as you do, it’s alright to live as you choose,
While listening to your past
My mind is running towards a global love…
