Balu Brigada

Uh

Could I ask for more? Could you lead me on?  
Could you take me back?  
If I left you all alone and solo  
I've got no control and I don't know what I'm doing here  
Could I set it straight? 'Cause I'm so bizarre  
And I'd never stop, no  
And I'd never be so honest if I wasn't three or four cups into the night  
Should we make it right?  
Should we stay alone 'till the morning light?  
Could I set the bar and make it high?  
You're asking so much more than I expected

Building up the courage and no words to say  
Hoping that you'll come and meet me halfway  
You would want it too if I had my way

But why'd you have to go and say it out loud (Say it out loud)  
Had to go and spill 'em all out (All out)  
I'm sorry that I went and caught a feeling  
'Cause now we're stuck staring at the ceiling  
Why'd I go and say it out loud?

I'm trying to be candid, and I'm optimistic  
But I think I missed it (I think I missed it)  
I missed the one and only chance I had to be more than another fucking sidekick  
But don't get offended, we were just pretending  
We can stay platonic  
This is never ending if you manage expectation is no way to be disappointed  
But I know you like I'm your conscience  
And I know like five of your secrets  
And I've been a part of your regrets  
And I've never broke up your heart, and  
And I'm pretty sure that's a good thing  
So I'll simmer down now

Building up the courage and no words to say  
Hoping that you'll come and meet me halfway  
You would want it too if I had my way

But why'd you have to go and say it out loud? (Say it out loud)  
Had to go and spill 'em all out (All out)  
I'm sorry that I went and caught a feeling  
'Cause now we're stuck staring at the ceiling  
Why'd I go and say it out loud?

Building up the courage and no words to say  
Hoping that you'll come and meet me halfway  
You would want it too if I had my way

But why'd I have to go and say it out loud?  
But you don't really see me like that  
You don't really need me like that, but nah  
Had to go and spill 'em all out  
I'm sorry that I went and caught a feeling  
'Cause now we're stuck staring at the ceiling

Why'd I go and say it out loud? (Say it out loud)  
(Say it out loud)

Could I ask for more? Could you lead me on?
