

Part Time

Balu Brigada

Are you really there
If you're only there part time? (Part time)
Do you really care
If you only care part time?
I need full time

I do, I do
I do, I do
I do, I do
I do, I do
I do, I do

Part time lover and a part time friend
(Whoa, yeah)
Graduate from the couch
To the end of my bed (Yeah)
Stayin' out late, wakin' up 'round noon
Then it's on to the next
And you're gone too soon (Whoa, whoa)

But living in a city like this
Has to get you down
I cannot describe it to you
If you're not around
Living in a city like this
Feels like you're on drugs
And if you're getting too used to it
I won't be enough

Are you really there
If you're only there part time? (Part time)
Do you really care
If you only care part time?
I need full time

I do, I do
I do, I do
I do, I do
I do, I do

I do, I do
I do, I do
I do, I do
I do, I do
(I do, I do)

You send me investing
I'm under your spell
And you're over my head, yeah
'Cause this time we quiet it
Are we in a fight
I just don't understand it
I'm I your friend or
Am I your vendor
For when you get stood up
Shit, am I the backup
I'm looking for answers

'Cause living in a city like this
Has to get you down
I cannot describe it to you
If you're not around
Living in a city like this
Feels like you're on drugs
And if you're getting too used to it
I won't be enough

Are you really there
If you're only there part time? (Part time)
Do you really care
If you only care part time?
I need full time

I do, I do
I do, I do
I do, I do
I do, I do

I do, I do
I do, I do
I do, I do
I do, I do
(I do, I do)

Yeah
I can't do nothing about it
So let's just be real now

Are you really there
If you're only there part time? (Part time)
Do you really care
If you only care part time?
I need full time

I do, I do
I do, I do
I do, I do
I do, I do

I do, I do
Hey
I do, I do
I do, I do
Yeah
I do, I do
(I do, I do)
