

# So Cold

Balu Brigada

(Reasons to stay, reasons to go)

Where do I begin, does it ever end?  
Caught up in your headlights, frozen again  
Can you make it obvious just the one time?  
Guess all the mystique only works in your prime

Reasons to stay, reasons to go  
Used to have the answers, now it's just too close to call  
What's left to say? I can't be your dog  
You know, I'm always waiting on a call

It isn't like you  
To be so cold  
Pulling me in  
And letting me go

It isn't like  
It isn't like  
It isn't like you  
You

You say you might shake it up, try a different road  
Where does this one lead to? Nobody knows  
Used to know you well, now I'm chasing a ghost  
Dancing with your skeletons, rattling bones

Reasons to stay, reasons to go  
Another thirty ounces, probably just enough to cope  
You're not impressed, I should have known  
She's knows it's over, oh, it's about to blow

It isn't like you  
To be so cold  
Pulling me in  
And letting me go

It isn't like  
It isn't like  
It isn't like you  
You

So cold  
So cold  
So cold  
So cold
