

# What Do We Ever Really Know?

Balu Brigada

Where the birds and the bees and the flowers grow  
There's a snake in the grass so we play in the snow  
There's a sun in the sky beaming down on your head  
Put your hands to the side and you hope for the best

Ali made a score  
Made a milli, wanted more  
Bought a house in St. Tropez  
Heard a knock upon his door

What did he ever really know?  
What do we ever really know?

A pretty girl, a teenage dream  
Made a wife at seventeen  
Made a movie, made a scene  
And had a rude awakening

What did she ever really know?  
What did she ever really know?

What do we ever really know, my dear?  
If the world stopped spinning 'round again  
Then I don't care  
If the globe is frozen by October  
Be my baby till it's over

Used to listen for the call  
Saying 'you could have it all'  
Try to be the number one  
And then you question what it's for

What do we ever really know?  
What do we ever really know?

What do we ever really know, my dear?  
If the world stopped spinning 'round again  
Then I no, no, no, no, I don't care  
If the globe is frozen by October  
B-b-be my baby, be my baby now

All we ever know  
Is that we never know  
All we ever know  
Is that we never know  
(All we ever know is that we never know)  
(All we ever know is that we never know)

Every single day is a tidal wave  
Call it growing pains  
Maybe I'm the worst  
Maybe I'm ok  
Just an animal, just an animal, just an ani-  
I don't really know
