

Rain

Balzac

I can hear hard rain
Like a complete unknown
I won't let you down
When the split of the night
I touched the sound of the silence
Nobody feeling your pain
I'm waiting for you again
I won't let you down
When the split of the night
You touched the sound of the silence

Nobody knows i'm calling you
Nobody knows i'm waiting for you
Go!
Just like all i want
I won't let you down
Nobody knows
Like a complete unknown
I won't let you down
Nobody knows
I am for you
I can see you
I can hear (it) with you
