

Ball Like That

BamBam

I don't wanna work like this
I just wanna ball like that
Everybody tryna make money
I'm just tryna give it all back
I don't wanna work like this
I just wanna ball like that
Everybody tryna make money
I just wanna throw a couple hunnid
I just wanna ball like

Coupe flexing, I'm whipping it, going stupid
Blue cheddar, my pockets is such a nuisance
Too thick, my shawty know how to do it
Backpacking, like some back-to-school, sheesh
Praying for the weekend, the weekend
Pour it up, go off the deep end, the deep end
I don't even need a reason, we geekin'
Swear I'm bout to blow at least a couple hundred racks, yeah

Long nights
And all of them long flights
Just keeping that spotlight bright on me (Spotlight, bright on me)

I don't wanna work like this (Like this)
I just wanna ball like that (Like that)
Everybody tryna make money (Money)
I'm just tryna give it all back (All back)
I don't wanna work like this (Like this)
I just wanna ball like that (Like that)
Everybody tryna make money (Money)
I just wanna throw a couple hunnid (Hunnid)
I just wanna ball like

Step in the party, I hit it like I'm a cyclone
Back from the road, like who running the city? I'm home
I'm on, whatever's poppin', I'm in a fly zone
All of these women going grenade up on my side phone
You know they blow it up
Every time I play a show, they be showing up
And I know, you know, they know they'll never get enough
That's why I keep on coming right back

Long nights
And all of them long flights
Just keeping that spotlight bright on me (Spotlight, bright on me)

I don't wanna work like this
I just wanna ball like that
Everybody tryna make money
I'm just tryna give it all back (All back)
I don't wanna work like this
I just wanna ball like that
Everybody tryna make money
I just wanna throw a couple hunnid
I don't wanna work like this (Work like this)
I just wanna ball like that (Like that)
Everybody tryna make money (Money)

I'm just tryna give it all back (All back)
I don't wanna work like this (Like this)
I just wanna ball like that
Everybody tryna make money (Money)
I just wanna throw a couple hunnid (Hunnid)
I just wanna ball like
I just wanna ball like
