

Take It Easy

BamBam

Another red carpet out on the road
Modeun saenggagi dallajyeosseodo I gotta go
Maneun gamjeongi hitting like stone
But that's what I want it
Hop in the Rari after the show
It's killin me slowly but nobody knows
Oeroul teum eopsi sumaneun greeting sumaneun O's
Without a vacation gal giri meoreo
I'm not going back
Nae eorin sijeore kkum kkwowatdeon

Someone tell me
Take it easy
Take it easy
Nareul manggajigi jeone anajwo I need it
Take it easy
Take it easy
I don't wanna see it
Someone just turn off the TV

Back it to my life and I want C's on both sides
My life like designer and I'm drawing my line
Tell me
Take it easy
Take it easy
Naega anirado not everybody needs me

All of the pressure turning me cold
Live like a diamond bureowo malgo
Nareul bwado I lost my soul now
Yeonghon eopsido I go out
They told me I gotta slow down
Don't even know if I know how

Someone tell me
Take it easy
Take it easy
