

# Paradise

Bambee

Lalalalala lalalalala, take me to paradise  
Lalalalala lalalalala, I wanna show you my paradise

Beyond the season, we're far away  
Where man has never been  
You can find a magic place  
Like nothing you've ever seen

I never thought there could be such a magic resort, ahh-ah-oh  
I'm so carried away, this is where I wanna stay  
I wanna stay

Lalalalala lalalalala, take me to paradise  
Lalalalala lalalalala, I wanna show you my paradise

Rumors, they say that near the bay the party island lays  
In the blue lagoon, they celebrate the moon  
I hope to join them soon

I never thought there could be such a magic resort, ahh-ah-oh  
I'm so carried away, this is where I wanna stay  
I wanna stay

Lalalalala lalalalala, take me to paradise  
Lalalalala lalalalala, I wanna show you my paradise  
Lalalalala lalalalala, take me to paradise  
Lalalalala lalalalala, I wanna show you my paradise

I am so carried away...  
And this is where I wanna stay

Lalalalala lalalalala  
Lalalalala lalalalala

Lalalalala lalalalala, take me to paradise  
Lalalalala lalalalala, I wanna show you my paradise  
Lalalalala lalalalala, take me to paradise  
Lalalalala lalalalala, I wanna show you my paradise
