

NEED U

bambi

I've been feeling up, so give me shivers
3 A.M. – I really need you in my DMs
Boy, you're licking me like I'm your favorite licker
'Cause together we make such a pretty picture
I've been feeling up, so give me shivers
3 A.M. – I really need you in my DMs
Boy, you're licking me like I'm your favorite licker
'Cause together we make such a pretty pi-pi-pi-pi-cture

I'm feeling so high, look on my vibe
They're ready to see what's happening
That plug that I've been trappin'
Kitchen to flex, I won't fall off, I feel the rush
I'm stressing, make me crazy

And every second feels like forever
Before I go, see me right in the center
Ready to enter, I'm here for Benz
And if I run away, you'll pull up with your Ben-Ben-Ben-Benz

I've been feeling up, so give me shivers
3 A.M. – I really need you in my DMs
Boy, you're licking me like I'm your favorite licker
'Cause together we make such a pretty pi-pi-pi-pi-cture

I've been feeling up, so give me shivers
3 A.M. – I really need you in my DMs
Boy, you're licking me like I'm your favorite licker
'Cause together we make such a pretty pi-pi-pi-pi-cture

And if I'm in this, you know what I mean
In this together like Central Cee
Spitting a record, but you keep me still
Ready to load up, don't wanna hold up
Shit, it's so cold out, I'm going bipolar
Do it like yeah, even if I'm the driver
Riding this sniff so I don't need the dollar
Riding this sniff so I won't feel tired

And every second feels like forever
Before I go, see me right in the center
Ready to enter, I'm here for Benz
And if I run away, you'll pull up with your Ben-Ben-Ben-Benz

I've been feeling up, so give me shivers
3 A.M. – I really need you in my DMs
Boy, you're licking me like I'm your favorite licker
'Cause together we make such a pretty pi-pi-pi-pi-cture

I've been feeling up, so give me shivers
