

## Birthday

Bambie Thug

I only take drugs on my birthday  
A new year, Christmas, every other Thursday  
I only take drugs on my birthday  
And it's my motherfuckin' birthday  
I only take drugs on my birthday  
It's all me, celebrate it with my party  
I only take drugs on my birthday  
And it's my motherfuckin' birthday

I only take drugs with my best friend  
Stay out of the west end  
Ain't nobody that  
I even care to try impressing  
I'ma cross some minds  
Before this turns into a brawl now  
Pick it up, pick it

Cowboy in my ends, no picking up  
When you make me wait, uh  
Don't piss me off  
If you were my waiter  
I'm not tippin' ya

'Cause I only take drugs on my birthday  
A new year, Christmas, every other Thursday  
I only take drugs on my birthday  
And it's my motherfuckin' birthday  
I only take drugs on my birthday  
It's all me, celebrate it with my party  
I only take drugs on my birthday  
And it's my motherfuckin' birthday
