

# Careless

Bambie Thug

It wasn't love, wasn't love  
It wasn't love, wasn't love

You're so careless with my heart  
So fucking careless with my heart  
I wish I cared less at the start  
I wish I never said it

You're so careless with my heart  
So fucking careless with my heart  
I wish I cared less at the start  
I wish I never said it

It wasn't love, wasn't love  
Just a fucking lesson  
It wasn't love, wasn't love  
Just a fucking lesson  
It wasn't love, wasn't love  
Just a fucking lesson  
It wasn't love wasn't love

You're not my medicine, you're a damn infection  
You ain't a man, acting like adolescent  
I popped the bubbled now that shit don't look so iridescent  
It wasn't love, it was just another fucking lesson

You're so careless with my heart  
So fucking careless with my heart  
I wish I cared less at the start  
I wish I never said it

You're so careless with my heart  
So fucking careless with my heart  
I wish I cared less at the start  
I wish I never said it

It wasn't love, wasn't love  
Just a fucking lesson  
It wasn't love, wasn't love  
Just a fucking lesson  
It wasn't love, wasn't love  
Just a fucking lesson  
It wasn't love, wasn't love

You're in my head again, sick of old obsessing  
I hide away anytime your name is mentioned  
It's in the past, baby, why's it gotta feel so present?  
It wasn't love, it was just another fucking lesson

Now I don't feel so high, it don't feel so nice  
The level of the destruction, babe  
Did I hurt you, babe?  
All I did was think of your eyes when he was holding me tight  
But I'm not trying to hurt you, babe  
Like you hurt me, babe  
Did I hurt you babe?

You're so careless with my heart  
So fucking careless with my heart  
I wish I cared less at the start  
I wish I never said it

You're so careless with my heart  
So fucking careless with my heart  
I wish I cared less at the start  
I wish I never said it

It wasn't love, wasn't love  
Just a fucking lesson  
It wasn't love, wasn't love  
Just a fucking lesson  
It wasn't love, wasn't love  
Just a fucking lesson  
It wasn't love wasn't love

It wasn't love, wasn't love  
Just another fucking lesson  
It wasn't love, wasn't love  
Just another fucking lesson  
It wasn't love, wasn't love  
Just another fucking lesson  
It wasn't love, wasn't love  
Just another fucking lesson  
It wasn't love, wasn't love  
Just another fucking lesson  
It wasn't love, wasn't love  
Just another fucking lesson  
It wasn't love, it was just another fucking lesson
