

Last Summer (Stripped)

Bambie Thug

It's eating me up, I saw all the signs
Pushed them away and walked with you blind
But I've heard enough sweet little lies
I swear "I love you" meant "ride or die"

Now I know what you did last summer
I know what you did last summer

You stood on that stage, my blood on your heart
Dug it a grave with a dog in the dark
And I said, "Okay, don't jump to that part"
But, baby, it's ringing out sounding alarms

Now I know what you did last summer
Now I know what you did last summer

I know what you did, I can taste it on your kiss
In a supercut replaying all those empty promises
Were you thinking with your head
When you played me like you did?

I know what you did, I can taste it on your kiss
And, baby, baby, it hurts
Baby, yeah, baby, yeah
Baby, baby, it hurts

Now I know what you did last summer
I know what you did last summer
Oh, I know what you did last summer
And, baby, yeah
Baby, baby, it hurts
Baby, baby, it hurt
