I made a deal with dead
With the monsters in my bed
Gotta keep them fed necromancy
I let him scream in my cup
The Devil dared me to drop
We doubled up, double dutch necromancy

I know that crazy crazy crazy crazy crazy
Let me be your nightmare
Gotta lot of karma baby
So crazy crazy crazy crazy crazy
Let me be your psycho

You need a witch
You need a brujah
A bad bitch and an angel - hallelujah
I make the mix, I whipped the brew up
I put a spell on you, you're mine now I rule ya
My sex magic make you a fanatic
Creep into your dreams make you mad make you manic
Take you out of body out of mind out of planet
Keep you on your toes till you scream "I GOTTA HAVE IT"

So crazy crazy crazy crazy crazy
Let me be your nightmare
Gotta lot of karma baby
I know that crazy crazy crazy crazy crazy
Let me be your psycho
Dying for some drama baby

You wanna ride, down to die, want it dangerous?
A little bump in the night, wanna level up?
Sookie and Bill, born to kill wanna settle up?
Poison tastes better when we're drinking it together!

I know that you're crazy crazy crazy crazy crazy
Let me be your nightmare
Gotta lot of karma baby
So crazy crazy crazy crazy crazy
Let me be your psycho
Dying for some drama baby
