Bambie Thug

I'm a mass debater
Talk in body language
My pussy polyglot
Know you understand it
I speak in tongues
Tied up branded
Me a medicinal
With you with that adlib
Ahhh seduction
Follow my instructions
All about the pace and the place and the touching
Dominatrix I'm the dame - destruction
Volcano when I cause the eruption

Pussy money power
Pussy pussy money power
Pussy money power
I got pussy
I got power

I'm a Rothschild
Bloodline Orsenii
Tantric babe cunnaling kundalini
I don't give my time or my love up freely
Grant my own wishes
King and queen of the genie
You a slave in my Torture garden
I'm a cannibal I'm fucking starving
Make you la la la with my ooh and ahing
I hit high notes like the star of Carmen

Don't be salty don't be jealous
Cause I'm free and rebellious
I'm sugar sweet n delicious
I'm a Maverick malicious

You're a fad
You're Phat
You're fake
You're a virus
You're the plague
I'm that one shot twiggy real
I might put you in your place

I'm loaded ammunition
Subtracting you're addition

I'm the reason for your vision
I'm the puzzle piece they're missing
I've been waiting in the silence
Watch you're blue sky turning red
This vendetta ends in violence
Clean off with that flower head
