

## So Sorry Song

Bambix

He was waiting  
At the corner  
He was waiting night and day

For that moment  
She would come out  
He would ask her  
Right away

And there she was  
He said 'hey, how are you doing? '  
She said 'ok'

He was waiting  
At the corner  
He was waiting night and day

For that moment  
She would come out  
He would ask her  
Right away

And there she was  
He said 'hey, how are you doing? '  
She said 'ok'

So sorry song  
But I'm not the one for you  
'cause I like girls like me  
And I hate boys like you

And there she was  
He said 'hey, how are you doing? '  
She said 'ok'

So sorry song  
But I'm not the one for you  
'cause I like girls like me  
And I hate boys like you
