

Tiny Tune

Bambix

No time to panic baby
No time to relax now
I ain't got money baby
And I'm freaked out now
But I've got a tiny tune for you
I'd like to play it if I may
I've got a tiny tune for you
Don't wanna be in control now
I'm a freak that's what I am
Ain't got no possessions baby
The one that's possessed I am
I've got a tiny tune for you
I'd like to play it if I may
I've got a tiny tune for you
I hated you this morning
But I love you right now
I have the super touch yeah
So can we go down
I've got a tiny tune for you
I'd like to play it if I may
I've got a tiny tune for you
Down to the city
Down to the hall
Down to the centre of it all
Down to the bushes
Down to the bust
Down to the river of lust
I've got a tiny tune for you
I like to play it if I may
I've got a tiny tune for you
