Bamboo

I don't know what I want  
I don't know what I need  
I don't know why I'm always around you

Oh, I try to find a home  
A life to call my own  
I don't know why but I need you beside me  
Oh, I

You, always on my side  
Forget about what's wrong or right  
I never had to ask you why oh why

Nobody's gonna take this heart  
Nobody's gonna replace what we had from the start  
It's gonna take the two of us, forever feels like tomorrow  
It doesn't get easier  
It doesn't get easier  
It doesn't get easier

So I'm nothing without you  
Yeah, I'm nothing without you

Oh, I could never seem to get things right  
Oh, it's better again what are we arguing about last night?  
Something real dumb, I do apologize  
Turn it all with that smile  
I'm putting in your hands  
Now make me understand  
Don't sell me on something

I don't wanna be alone  
That's right, hell, I'm afraid  
I thought we had more time together  
Time to let go before the colors fade to grey

Nobody's gonna take this heart  
Nobody's gonna replace what we have from the start  
It's gonna take the two of us, forever feels like tomorrow

Nobody's gonna take this heart  
Nobody's gonna replace what we have from the start  
It's gonna take the two of us, forever feels like tomorrow  
It doesn't get easier  
It doesn't get easier  
It doesn't get easier  
It doesn't get easier

Who knows this song none better than you  
Who knows this song none better than you  
Who knows this song none better than you  
None better than you
