

Don't Step on My Groove

Bananarama

It's so electric here tonight
And so I'm heading out for the city life
I feel connected and it feels so right
Hear the sounds
All around, all around

Got no time to hesitate
If you're with me don't be late
Coz I Wanna dance

[Chorus]
Don't step on my groove
Coz I just wanna move
I don't care what you do
But don't step on my groove

I'm captivated, every time
Looking pretty and I'm running wild
There's nothing like it
When you lose your mind
To the sounds
All around, all around

[Chorus]

I just keep dancing [x4]
