

## NW Apt.

Band of Horses

Northwest apartment, apartment  
I'm driving over in Oakridge baby with the whole neighborhood in tow  
Somebody trapped in the underground basement just a few blocks down the road  
Northwest apartment, apartment

With three guitars and one amplifier I'm gonna blow the dust off this scene  
Everybody in population are gonna find out what I mean  
Northwest apartment, apartment  
When all the parts equal more than the sum  
And the sum equals none

This thing was built in a day knowing that the Romans took longer than that  
We brought a bass player a cold old soul and he's a first class welcome mat  
Well cleaned apartment! Apartment

In the morning I walk up I'm ready for the night time to begin  
And what's that over there on my pillow someone sleeping in my bed  
Northwest apartment, apartment

When all the parts equal more than the sum  
And the sum equals none  
Yeah, well
