

On My Way Back Home

Band of Horses

On my way back home
A chance I thought of,
Oh my favorite song
Where I'd gone wrong.

The only words that I could think of
I'm pissing my life away in the form of song
On my way back home.

Every step,
a victory it was.
I was cheating death.
Just in time I woke.

My memories start to wander off
Come to me the remembrance of
My way back home.

I came in this way.
And here now I'll stay, if the unknown
have to wait one more day

There's often times that it comes out wrong
But luckily I, I got a mind to know.
On my way back home.
