

# Toreador

## Band of Skulls

Toreador  
Hear the crowd they roar  
For their Toreador

Savor temptation  
Survive on a doubt  
The closer you creep in  
The more you want out

Slow like a glacier  
You're cunning and cool, oh  
Hook, line and sinker  
Make your move

The swirl of life's got me covering my eyes  
Still I wanted more  
The fear of death's got me holding my breath  
You're the one that I adore

You dreamt of the ending  
Sharp as a dart  
Flowing like wine  
Straight from the heart

You tell me you're eager  
Eager to know, oh  
What will it feel like  
When you go?

The swirl of life's got me covering my eyes  
Still I wanted more  
The fear of death's got me holding my breath  
You're the one that I adore

Toreador  
Tell me there is more  
Than just a cloak and dagger storm  
Hear the crowd, they roar  
For their Toreador

The swirl of life's got me covering my eyes  
Still I wanted more  
The fear of death's got me holding my breath  
Still I wanted more

The swirl of life's got me covering my eyes  
Still I wanted more  
The fear of death's got me holding my breath  
You're the one that I adore
