

Puppet

Bandit Gang Marco

Love love love love!
I'm tired of being your puppet

Baby we don't get along, baby we don't get along
I'm tired of arguing, you barging in, we fighting with each other
You lyin' then start cryin', this is 'posed to be real lovin'
I'm tired of being your puppet, now I'm like "fuck it", damn right
I'm tired of being your puppet, now I'm like "fuck it", damn right

Oh why? Why you tripping on me?
Keep threat'ning to leave, girl, why would you leave me lonely?
Keep checking my phone, I can't take this shit no more
I'm packing my bags, I'm hitting the door
Bitch, you hurt me to the core
Girl, I tried to make it work, you done ran your mouth
How you stuck on stupid, had to cut you off
I swear I'm tired of being your puppet so now I'm just like "fuck it"
Love the bitch, this lovin', now me and you are nothing!

Baby we don't get along, baby we don't get along
I'm tired of arguing, you barging in, we fighting with each other
You lyin' then start cryin', this is 'posed to be real lovin'
I'm tired of being your puppet, now I'm like "fuck it", damn right
I'm tired of being your puppet, now I'm like "fuck it", damn right

Treated me like nothing, tired of being your puppet
Know it took some time and I know you wonderin' why
Caught you in your lies, sometimes I wish you'd die
Arguin' and cry, no no no, don't lie
Uh, we don't get along, nah nah
Got two words for you, good bye
Complaining 'bout a phone wire
Love love love love!
